Raymond Li - rli43
David Hernandez - dherna71

Raymond Li

Created a rough draft of the overall look of the game before its creation.
Worked on every function from BaccaratDealer.java and BaccaratGameLogic.java
except for generateDeck().
Created the test cases to test the functions.
Assisted David by spot checking some errors during meet up for StartScreen,
BaccaratGame, and a small portion of Gamescreen.

David

Worked on the GameScreen, StartScreen, and BaccaratGame java files.
Implement functions and test cases that Raymond send him into the overall project. The
ones implemented are the BaccaratDealer, BaccaratGameLogic, and the test cases.
Assisted Raymond by spot checking errors for BaccaratDealer and BaccaratGameLogic
during meet up.
